

# Jason Montero Trio (JM3)

Eclectic. Dynamic. Kinetic.

Based in South Florida

Classic Power Trio Arrangement: Vocals/Guitar, Bass, Drums

## About the Trio

JM3 is a dynamic trio fronted by songwriter and multi-format performer Jason Montero and backed by a seasoned rhythm section. Built around strong vocals, groove, and musical interplay, the trio draws from a deep repertoire of original material, familiar favorites, and songs that sit just left of center; bringing its own character to the material rather than simply reproducing it.

## The Sound

A wide-ranging mix of:

- Classic Rock & Pop
  - Americana & Adult Alternative
  - Soul, Motown & '90s Favorites
  - Deep Cuts & Original Material
- With room for spontaneity, extended grooves, and musical interplay.

## Why JM3?

Three experienced players, a compact footprint, a deep repertoire, and a shared ear for tone and dynamics give JM3 an unusually wide performance range. The trio can play with restraint and detail or open up into a full, energetic performance, with the knowledge and musical vocabulary to fit the setting rather than forcing the setting to fit the band.
